Subject: Re: LPRSA - Project Manager

Thanks Jen. We've presented to the CSTAG a two or three times on Passaic (or maybe that was the NRRB; can't remember).

Hey Reyhan – Thanks! I'm looking forward to it!

We will be asking the partner agencies if they would like to provide a presentation on the morning of Thursday, March 1st. I will be sending out a formal written invite in mid-January. As a heads up, presentations will be 20 minutes and 10 minutes will be allotted for questions. I'm not sure what you did for lower 8.3 mile CSTAG meeting, but written comments can be submitted to CSTAG instead of a presentation.

CSTAG will be reviewing the interim remedy proposal that we outlined for you guys last month.

Thanks Jen - it's been great working with you too. I think you're going to LOVE the OSC position but - we'll miss you!

Can you give us some more information on the CSTAG meeting - what components of the project they'll be reviewing, when/if you'd like comments from us, etc.

Thanks!

Hey guys –

I hope everyone had a nice holiday and happy new year. I wanted to let you all know that I will be transitioning to a new position at EPA as an On-Scene Coordinator down in our Edison, NJ office. Diane Salkie will be taking over as the project coordinator for LPRSA. Diane has many years of experience in the Superfund program and has been a project manager in our New Jersey Branch working on sites such as Burnt Fly Bog, Woodbrook Road Dump and Sayreville Landfill.

I will be starting my new position after the CSTAG meeting on 2/28 and 3/1. Diane and I will be together until that time to ease the transition and get her up to speed on where we are.

Late last month Ann Hayton, Jay Nickerson and I discussed scheduling a face to face meeting in mid-January to discuss some of their comments on the CPG's interim proposal. I'll plan to have Diane attend that yet to be scheduled meeting as well so you can all get a chance to meet her in case you haven't crossed paths with her before.

It has been a pleasure working with all of you.

Thank you,

Jen
